React | React Native | JavaScript | Redux | SCSS | Public Communication | Bootstrap | CSS | SQL | HTML | React Testing Library | Jest | Git | Material UI | Vue | Vuex | Bootstrap-vue | Jira | Confluence | Jenkins

PROJECTS

Ezlogic.mios.com (React) (04/2022 - 05/2023)

- I have experience working with MiOS by Ezlo, a cutting-edge platform that empowers users to achieve unprecedented levels of integration, automation, and visualization in the smart home space.
- Responsible for creating Meshbots with triggers and actions.

Ezlo Dashboard (Vue) (05/2023 - Present)

- An integration to ezlogic.mios.com for users to manipulate devices and further utilize a third party application known as NuCal.

All Service (React Native)

- Developed an Uber-like platform connecting users with local service providers (e.g., carpenters, electricians, plumbers). Integrated user reviews and market rate information for informed decision-making.

eSparkconsultants.com (React)

- Worked on multiple internal projects for the company, eg: eSparkinstitute, eSparkcallcenter, eSpark-Hi-tech.

Seazen portal (React) orderseazen.com (07/2023 - Present)

- Worked as the project lead.
- Handled and managed client requirements.
- Executed and delivered milestones on crucial deadlines.
